Quality & EHS Department		Ed. 5 Rev. 3

ENVIRONMENTAL POLICY

TECNOSERVICE BUCURESTI S.A. (TSB) is fully aware of the importance and necessity for pollution prevention considering every aspect of its activity. In this respect, the compliance of legal requirements and other requirements identified as being applicable to our activity, represent the starting point for building the environmental management system described in this manual and it is a permanent object in the attention of TSB management.

TECNOSERVICE BUCURESTI S.A is committed to a continuous improvement of the process effectiveness and environmental performance, especially by adopting new measures for pollution prevention. Annually updated programs establish the environmental objectives and targets, and resources are assigned to sustain the undertakings of this policy.

The company management determined the implementation and certification according to the requirements of ISO 14001:2015 Standard in order to improve the environmental performances. The application field of this management system refers to the activities of general supply, project management, design, engineering, commercial, manufacturing, erection-service, IT, marketing, financial-accounting, human resources and quality management, performed in Swan and Buzau working places or other temporary location.

The environmental targets that TSB management engages to maintain and implement in the annual environmental programs are:

- Improvement of waste management generated by TSB activities.
- Decreased risk of accidental waste contamination by adopting preventive and efficient measures.
- Personnel training and motivation in order to acknowledge the importance of its participation to the execution of the specific objectives in the environmental management program.

Considering my competence, I take responsibility in the assessment and allocation of necessary resources to maintain and continuously improve the environmental management system in full compliance with the stated policy.

**General Director
Andrei Popescu**
